DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-13 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

3. In claim 1, line 1, the language starting with "seat back" and continuing on to the end of the claim is indefinite in that it is nonsensical, is not consistent with the description within the specification and does not accurately define the applicant's invention. A more accurate description of the invention is found on page 6 lines 5 – 11 of the applicant's specification. Similar indefinite language is found in claim 13. It is recommended that all the claims be completely revised or rewritten.

4. Given the above, the invention is not rejected under art, however the most pertinent prior art found is:

20090146005, see fig. 5

20050087650, see figs. 6, 7, 8

20030080597, see fig. 9.
